Sport

22 October 2014

Bled, Slovenia

SNAP-SEE conference

Funding opportunities

Additional funding opportunities, which are not part of the calls pages of Horizon 2020 and other EU funding programmes on the participant portal:

- [Calls for tenders](#)
- Opportunities at joint Member States and EU initiatives (JPIs, JTIs, ERA-NETs, article 185 etc.)
- [Calls for proposals for pilot projects](#)
- Competitive calls published by on-going FP7 projects
- [European Institute of Innovation and Technology \(EIT\)](#)
- [EUREKA - funding for technology projects](#)
- [COST - funding for R&I networking](#)
- Funding for research and innovation at regional level ([ESIF funds in 2014-2020](#)).

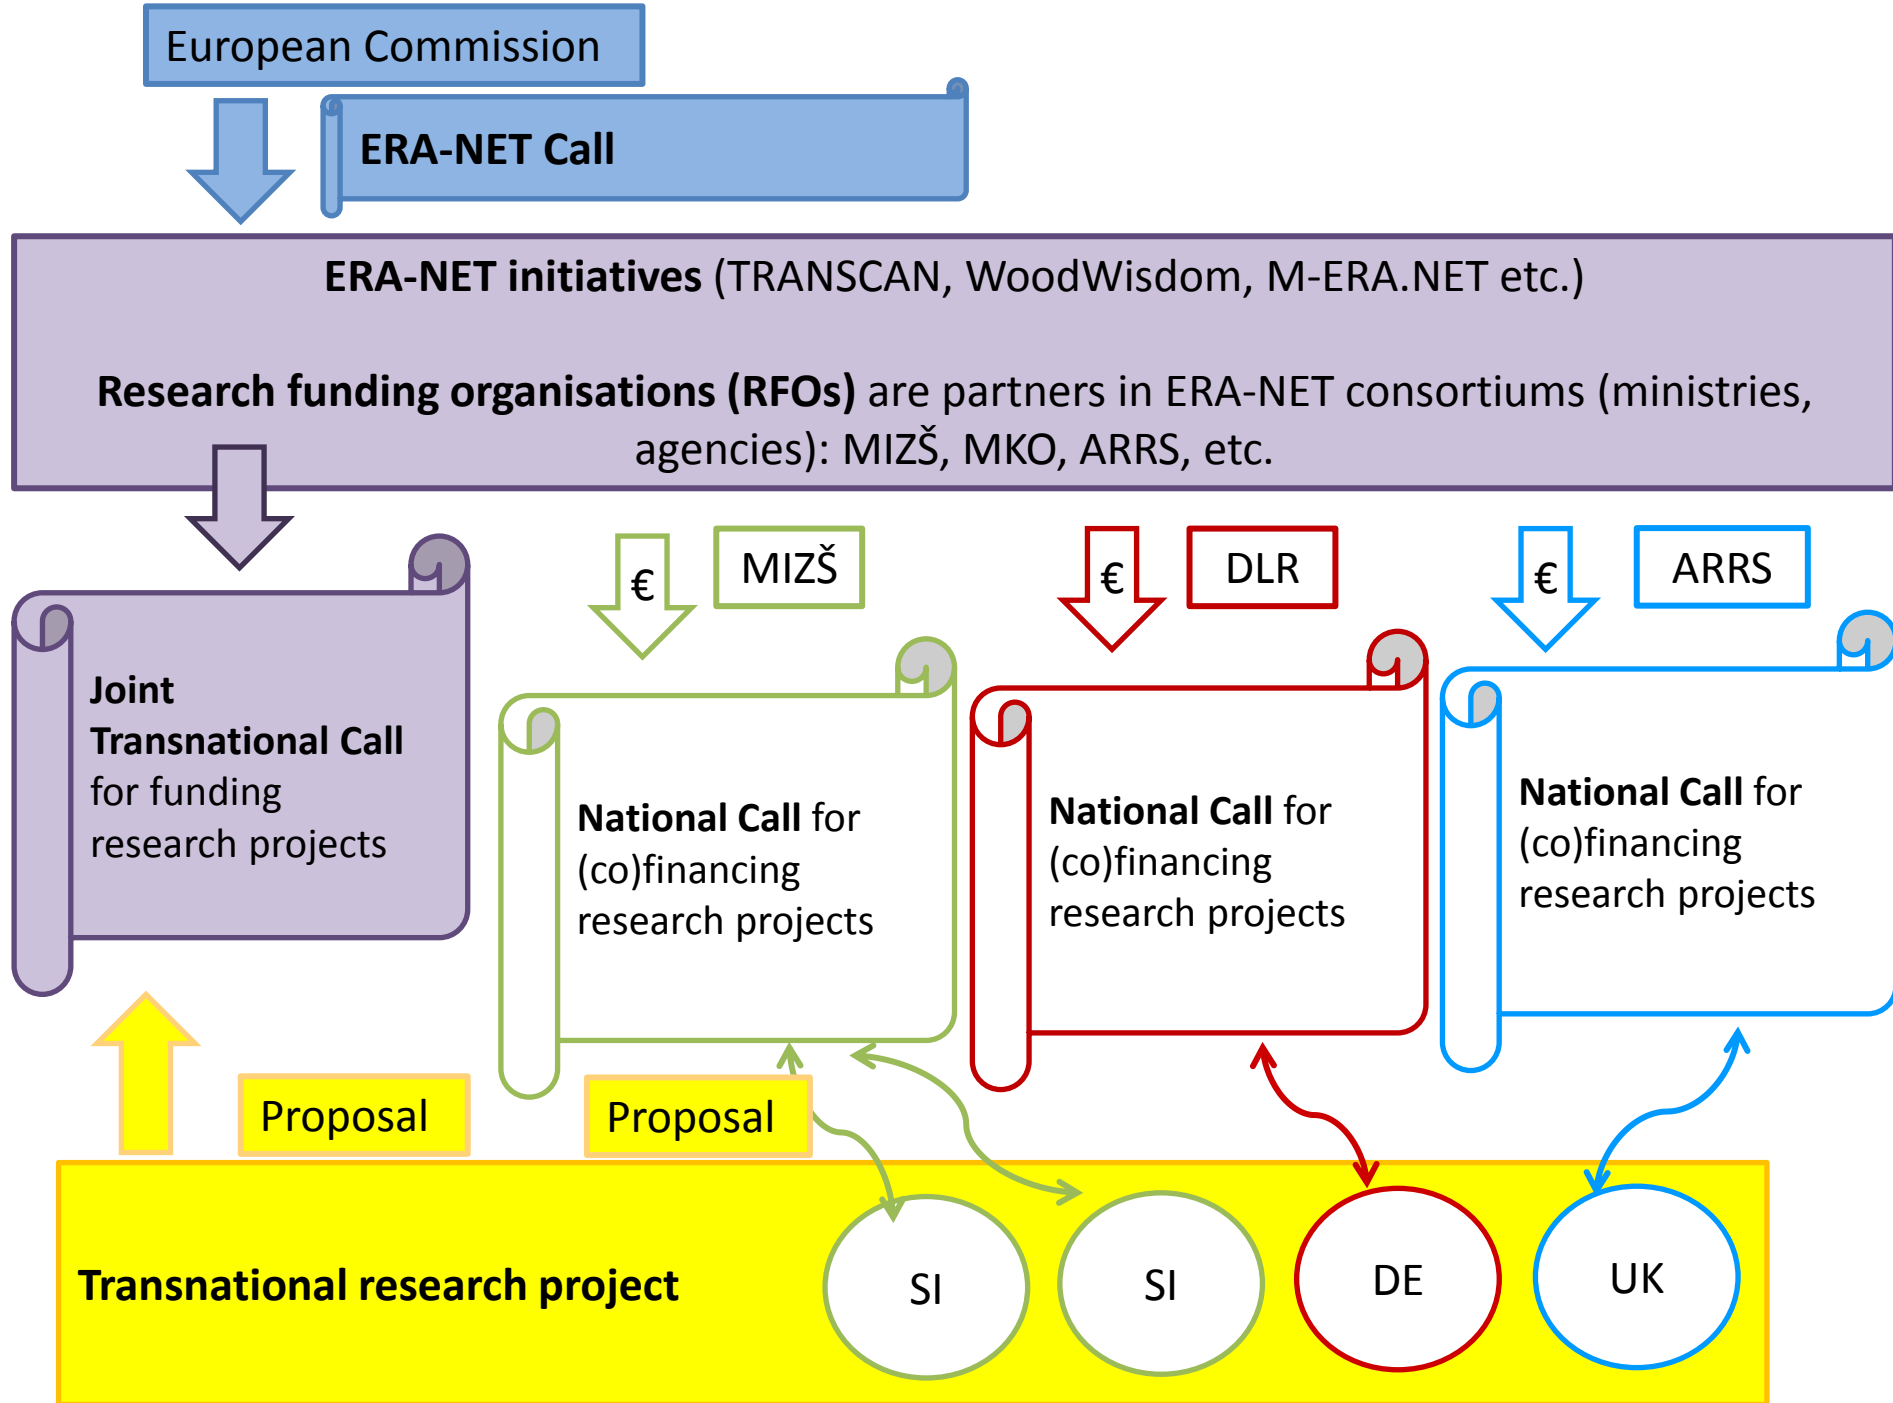

European Research Area

Optimal transnational co-operation and competition

- Jointly addressing grand challenges: JPIs – Joint Programming Initiatives (JPND, Climate, FACCE, Water etc.)
- ERA-NET actions: national and regional authorities identify research programmes they wish to coordinate or open up mutually
- Article 185 TFEU: participation of the EU in the joint implementation of (or parts of) research and development national programmes

- Since 2002 over €2 billion has been spent by programme managers and programme owners investing jointly in coordinated research across borders

FP6: ERA-NET

Commission finances coordination activities of the ERA-NET consortium, while RFOs finance research projects themselves

FP7: ERA-NET and ERA-NET Plus

ERA-NET: same as in FP6

ERA-NET Plus: Commission co-finances selected projects from the ERA-NET JTC (33 %)

H2020: ERA-NET Cofund

Commission co-finances selected projects from the JTC (33 %) as well as additional activities of the ERA-NET consortium (unit cost)

NETWATCH: list of all ERA-NETs with JTCs, RFOs etc.

European Commission's information platform on transnational R&D
The current focus is on ERA-NETs, but the scope will be increased of initiatives.

transnational R&D programme collaboration in Europe by:

- mapping networks;
- providing information on Joint Calls;
- analysing the impact of programme collaboration;
- describing the scope and results of individual networks;
- supporting mutual learning among transnational programme networks.

Participating countries

Around 60 countries are involved in R&D programme collaboration.

ERA-MIN

- European Research Area - Network on the Industrial Handling of Raw Materials for European Industries
- Duration: 01/11/2011 - 31/10/2015
- **Number of participating organisations: 8**

ERA-NET Cofunds in Horizon 2020

- Consolidating the European Research Area on biodiversity and ecosystem services
- Stepping up EU research and innovation cooperation in the water area
- Establishing synergies between the Joint Programming on Neurodegenerative Diseases Research and Horizon 2020
- **Aligning national/regional translational cancer research programmes and activities**
- **Systems medicine to address clinical needs**

ERA-NET Cofunds in Horizon 2020

- ERA-NET on Smart Urban Futures
- Supporting Joint Actions on demonstration and validation of innovative energy solutions
- Strengthening the European Research Area in the domain of Earth Observation
- ERA for Climate Services
- ERA-NET on Materials (including Materials for Energy)

Thank you!
